

## Results Leen van de Mark tulip Growing season 2017

A field in the Netherlands planted with Leen van de Mark tulip bulbs was treated three times with the GOOD FOR GREENS® plant growth regulator. After lifting, a random sample of each treated and control bulbs was collected, sorted weighed. The results are graphically shown below.

Graph 1 shows that the GOOD FOR GREENS® plant growth regulator makes larger bulbs.

Total weight of the treated sample is 13.249 grams for 654 bulbs. The control sample has 11.149 g for the same number of bulbs, meaning an overall increase of 2.100 g or 19%.

**Conclusion:** The GOOD FOR GREENS® plant growth regulator increases bulb weight in Leen van de Mark tulip bulbs by 19% and makes larger bulbs.
