

Results Gigantic Star daffodils

Growing season 2017

A field in the Netherlands planted with Gigantic Star daffodil bulbs was treated four times with the GOOD FOR GREENS® plant growth regulator. After lifting, a random sample of each treated and control bulbs was collected, sorted and weighed. The results are graphically shown below.

Graph 1.1 shows that the GOOD FOR GREENS® plant growth regulator produces larger bulbs.

Total weight of the treated sample is 10.297 g for 281 objects. The control sample has 9.382 g for the same number of bulbs, meaning an overall increase of 915 g or 10%.

Conclusion: The GOOD FOR GREENS® plant growth regulator increases Gigantic Star bulb weight by 10% and increases bulb size.
